1. INTRODUCTION

This guideline is designed to assist the first usage of the European Union Agency for the Space Programme (EUSPA) e-recruitment tool.

The EUSPA's staff consists of temporary agents, contract agents, seconded national experts and trainees.

All vacant posts are published on our internet site. The method to apply for calls is mentioned in the relevant vacancy notice as it varies depending on the type of the post.

In order to apply through the e-recruitment tool you need to first create your account online in the system and then fill in the online application form for each of the selected positions.

The aim of this guide is to give you a detailed description of the online procedure. It helps you step by step, showing you the different screens, which will appear as you go through the creation of your EUSPA account and submission of your application.

Please note that these screen shots are from a test call at the time of publishing this guide.

The EUSPA's systems support the most commonly used Internet browsers but for ultimate compatibility it is recommended to use Google Chrome. If you encounter issues, please consider changing the browser first before contacting us. The use of mobile devices to fill in the application form is not recommended.

Should you have any questions please contact JOBS@euspa.europa.eu.

Thank you for your interest in the EUSPA and good luck with your application!
